Reference: FCC Docket Nos 96-45, 98-171, 90-571, 92-237, 99-200, 95-116, 98-170
and NSD File No. L-00-72.

Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

I konly have this phone for safety issues, and do not use it to just "visit". Maybe instead of worrying about the money issues of the phone you should worry about the safety issues of a telephone hanging off of everyones ear. There is no way a person can concentrate on driving when they have a phone attached to their ear, either by headphone, or by handset. It dosen't matter who the person is, it cannot be done. Instead of raising the price, concentrate on passing a law that you cannot talk and drive at the same time. And, enforce the law.
Thank You.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Scott Kaczorek
